Event Recap

Rehearsal Etiquette Workshop

Thank you to Prof. Hermiston and Dr. Girard who shared insightful tips on how to make rehearsals smoother: showing up on time, being prepared, and listening to the people around you.

With plenty of stories from their own careers, they gave us a glimpse of what the professional world is really like. Big thanks to both professors (and everyone who came out) for making it such a fun and useful session!

THE DOWNBEAT

Restore Rehearsals to the Chan Shun Concert Hall

For 25 years, UBC Music students have rehearsed in the world-class Chan Shun Concert Hall, but this tradition has suddenly been moved to the smaller Telus Studio Theatre. The change has created serious challenges, from unsafe sound levels to lost opportunities for professional-level training. We're urging the Chan Centre to restore our rehearsals to the Chan.
